

About UnitedHealthcare Employer & Individual

Benefiting nearly 28 million Americans, UnitedHealthcare Employer & Individual is the nation's largest business serving the health coverage and well-being needs of employers and their employees. For more than three decades, UnitedHealthcare has delivered on its mission of helping people live healthier lives® and making the health system work better for everyone. UnitedHealthcare is one of the businesses of UnitedHealth Group (NYSE: UNH), a diversified Fortune 50 health and well-being company.

Better Health

Regardless of our members' health status or unique health needs, we're committed to helping them live happier, healthier lives and designing our employer-sponsored plans, clinical programs and care provider networks to help support that goal.

Better Experience

We provide tools and resources to help members manage their health. We offer a full spectrum of benefit options that feature flexible plan designs, broad care provider networks and digital resources to help people take charge of their health and more easily access care.

Better Cost Control

We're providing access to care that is centered around the needs of each person. Technology and data are driving our innovations, helping to make care more affordable and empowering people to make more informed health decisions.

Our Solutions

Employer-Sponsored Plans: We serve over 200,000 employer customers, including Fortune 100 companies and organizations of all sizes. We offer fully insured and self-funded health plans, along with wellness and care-management programs.¹

Specialty Benefit Plans: We provide nearly 32 million members with dental, vision and other specialty benefits, including life insurance, accident protection, critical illness, disability and hospital indemnity.²

International Plans: Over 4 million travelers and people residing in more than 130 countries are covered under our medical benefits.³

Value-Based Care: We're transforming our relationship with health care providers to put greater emphasis on paying for value, rather than volume, while maintaining networks that include over 1 million providers nationwide.¹

Our Organization

CEO

Jeff Alter

Headquarters

Minnetonka, Minnesota
